

At **Medical IT Services**, our commitment to quality, security, and ongoing improvement is at the core of everything we do. Earning globally recognised ISO certifications reflects our dedication to providing dependable, high-standard IT solutions our clients can rely on.

We Are ISO 9001 Certified

A global standard for quality management.

This certification reflects our commitment to delivering consistent, high-quality IT services, with a focus on:

- Streamlined, reliable processes
- Customer satisfaction and continuous improvement
- Globally recognised best practices

Our clients can trust that we meet the highest standards in every project we deliver.

We Are ISO 27017 Certified

Reinforcing our commitment to secure cloud services. This international standard focuses on cloud specific security controls, ensuring:

- Strong protection of client data in cloud environments
- Industry best practices for cloud security and privacy
- Risk management tailored to cloud-based operations

Our certification gives clients peace of mind that their data is safe, secure and managed with care.

We Are ISO 27001 Certified

Demonstrating our commitment to information security.

This ensures:

- Strong protection of sensitive data
- Secure systems, networks, and business processes
- Ongoing risk assessment and mitigation

Our clients can trust that we manage information with the highest level of security and integrity.
